Open Day of COBI 2008  
2008-3-1 (08:30-17:40)

# 2008年度开放日 日程安排表

- 08:30–08:45 Opening Session
- Speaker: 章祥荪 研究员
- 
- 08:45–09:30 Prof. Luonan Chen (Skype)
- Computational systems biology on networks and dynamics
- 
- 09:30–10:00 赵兴明 博士
- Protein annotation based on protein-protein interaction and machine learning
- 
- 10:00–10:30 李珍萍 博士
- Identifying drug targets based on metabolic network data
- 
- 10:30–11:00 张世华
- Discovering biological mechanisms at molecular network level
- 
- 11:00–12:00 吴凌云、王勇、王瑞省 (Skype)
- Skype panel meeting for young students---How to step from a beginner to a bioinformatican? How to learn biological knowledge? How to mine information from the paper sea? How to find high quality papers? And so on.
- 
- 12:00–13:30午餐时间（物科餐厅）
- 
- 13:30 –14:30杨玉良 院士
- 带静电体系的生物的重要性
- 
- 14:30–15:30马志明 院士
- 马氏链方法在信息检索中的应用
- 
- Break 15:30–15:40
- 
- 15:40–16:40李邦河 院士
- Quasi-steady state laws in enzyme kinetics
- 
- 16:40–17:40郭雷 院士
- 群体的涌现行为分析

# Skype Presentation

**Title:** Computational systems biology on networks and dynamics

- ◎ Prof. Chen Luonan (陈洛南)
- ◎ Department of Electrical Engineering and Electronics, Osaka Sangyo University

上海大学系统生物技术研究所所长

# Skype panel meeting

吴凌云 博士

The Methodist Hospital Research Institute,  
Weill Medical College of Cornell University

王勇 博士

Bioinformatics Program,  
Boston University, USA.

王瑞省 博士
